Cost of Service - Poles

Effective 1991, SELCO no longer installs aluminum poles. Rates apply for existing poles only.

Size	Unit Cost/Month
35' - 40' Wood Pole	\$3.57
14' Aluminum Pole (set on customer's base)	\$1.20
14' Aluminum Pole and Base	\$2.23
25' - 30' Aluminum Pole (set on customer's base)	\$3.58
25' - 30' Aluminum Pole and Base	\$4.48

Underground Installation

Option #1 - Where customer provided all trenching, backfill, sand and finish grading, SELCO has provided conduit and conductor installation:
Cost per Month \$.056 linear foot

Option #2 - Where SELCO has provided the entire underground installation:

Cost per Month \$.101 linear foot

No further installation of this type will be made after 1991. In the event of equipment failure, exact replacements are not guaranteed by SELCO and replacements will be made based upon the availability of equipment. At the customer's request, SELCO will install comparable equipment and revise charges based upon rates in Section 3a.
